BRONCHITIS

can mean a men or a chronic incurable inflammation of wind-pipes.

The quickest relief, for a cold, is also the most effective for the worst condition of wind-pipes and lungs.

It takes the edge off a cold in a night, and relieves it progressively—one forgets it after a little.

When a bronchitis, however, is obstinate. Nothing restores the tissues, when once destroyed; and an odd bronchitis has gradually improved and partly-destroyed the lining of those small pipes between throat and lungs.

Scott's emulsion of cod-liver oil is the balm; it soothes it, cannot restore.

It is eminently pure and really efficacious—relieving pain and removing stiffness of the joints and muscles, and cures of burns, besides being an excellent specific for rheumatism, coughs and bronchial complaints.

A WONDERFUL CURE.—"David Smith, Co Mill, Ore., writes: 'For the benefit of others I wish to say a few words about my cure of my Vegetable Discovery. About a year ago I took a very severe cough, had a violent nose on my eye, was laid up with rheumatism, and lost my mental ability. I tried almost every conceivable remedy, outwardly and inwardly, but to no purpose. I was told to try Northrup's Vegetable Discovery, so I got a bottle and when I had taken one-half dose, I began to show evident signs of healing. By the time that bottle was done, I was cured. I had been laid up and my general health was impaired and my general weight was very much reduced. I was now of a very bilious habit and had much gas and some pain with very

Ottawa, March 12.—In the House of Commons today, Mr. J. H. Macdonald, minister of justice, announced his intention to introduce a bill to amend the "Criminal Code of Canada" in such a way as to give the federal government jurisdiction to prosecute the subject of that bill, the subject of which was the case of the *Edwards* and *McGowan* against the *Attorney General*. The bill was introduced by Mr. Macdonald on March 12, 1902, and was passed by the House of Commons on March 13, 1902. states and the southwest and northwest territories. The return fixed the population at 1,029,000, an increase of 100,000 since the census of 1790 gave over 700,000, a fourteenth growth in 10 years.

In the first census nothing was sought but a count of inhabitants, and the task was assigned to United States marshals, who performed the work several years. In the second census, the U. S. marshal was assisted by a clerk, a record of the first census, which shows that the census of 1790 was ordered in March and completed in June, and that the census of 1800 was ordered in May and completed in August.

The census of 1800 shows the following when the difficulty of communism is considered. The population was 1,029,000, of which 400,000 were white males of 16 years and upward, including heads of families; free white

plantation, including those of Hamilton, who had been a slave himself. The persons, slaves. Fourteen conservation districts were mapped out of the 14 states and the District of Columbia. The slaves and the slaves. All of the states except Maine and Massachusetts had slaves. Virginia led with a population of 400,000 slaves. North Carolina was second, with 300,000 whites and 100,000 slaves. Maryland had a population of 100,000 slaves. The slave population of the northern states is given as follows:

Connecticut, 1,000; Rhode Island, 940; Connecticut, 2,704; New York, 21,324; New Jersey, 11,432; Pennsylvania, 5,231; Delaware, 8,657; Vermont, 1,000.

A FATHER'S STORY.

He Tells How He Was Repaid His Health and Strength.

Had His Health Laid Low, and his Two Sons

Were Unable to Do Any Work, and he Was

Left in a State of Despair.

Mr. M. J. O'Brien, of New York, writes - "I believe it is only right

that I should say how the health of my two sons

and myself have been restored by the use of

Dr. Williams' Pink Pills for Pale People.

Several years ago I was a constant

sufferer from indigestion, and my two sons

were unable to do any work, and I was

left in a state of despair.

One day my wife and I were

reading a book, and I saw an article

concerning Dr. Williams' Pink Pills for

Pale People.

I bought a box, and I gave it to my

two sons.

After a few days I saw an improvement

in their health, and I gave them

another box.

Opening Display of Correct Clothes for Men.

The newest fashions in Suits—the newest fashions in Overcoats—each have a representation here that will refresh the visitor's wear with looking at commonplace styles, for truly this is the handsomest line of Custom Tailored Ready-to-wear Clothing ever put before the public of Belleville. There has never been a spring as particularly rich in novelties as this, and every latest fashion finds true expression here.

Quick as Robertson's Custom for Men, as you know, differ from the ordinary kinds—not only do they fit, look and wear better, but they are really distinguished by those little tricks of fashion which mark the finest tailor's work—and prices are half the tailor's and no higher than for the common kind of ready-made. Every garment here, whatever it is, is the best of its kind, whether its price be high or low, as quality always regulates price.

Hutch in Barrie.

well versed in their knowledge
 Ten Hutch Ten Cents. All druggists.

W. E. Wismer, Pharm. B., is a druggist of Barrie, Ont., whose splendid establishment and large practice mark him as an aggressive pharmaceutical authority—This is what he says of Hutch—

"As regards the sale of Hutch it is simply wonderful, several times I have been sold right out after receiving a generous supply from the wholesale. It is one of the very few things a retail druggist may order in quarter and half-gross lots with perfect safety.

"As regards its efficacy I have yet to meet a person who does not say 'there is something in it' after having used the tablets.

"Only yesterday on enquiring as to its virtues a traveller said, 'until Hutch was introduced I could get nothing to relieve me and was a thoroughbred dyspeptic. Hutch cured me.' This is only one instance of the very many good things said about Hutch. Another proof of its value is that people always come back for a second package. Knowing that a genuine article is sure to succeed, I remain, yours truly,

"W. E. WISMER, Pharm. B."

The wonderful—almost startling—cures that Hutch is making, its overwhelming endorsement by the public, by scientific experts, and men thoroughly of what cures, marks it as the very best cure for dyspepsia, constipation, and stomach disorders extant.
